ARTICLE 15: To see if the Town will vote to authorize the Selectmen to accept \$40,178 from the State Highway Block Grant Fund to defray costs of Highway reconstruction.

ARTICLE 16: To see if the Town will vote to extend the water main on Ferrin Street, for fire protection to subdivision #97-2. Total cost to be paid by developer.

ARTICLE 17: To see if the Town will vote to maintain the Town Road known as Sand Hill Road. In the past few years, the year round residents of the road have kindly maintained the road due to having the equipment, time and health to do so. At this point in time, they can no longer do the maintenance due to health considerations and upcoming retirement. There have been times in the past where the residents were not able to do the maintenance for one reason or

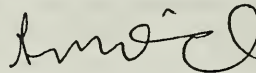

TOWN OF HILL, NH

another, requested the Town to do so and the Town complied with the request. Historically, the road is one of the three original town roads stemming from the Old Town. The other roads in Town are still maintained by the Town. Prior to the present residents, and at least as far back as when the Ferrins moved there in the late 1940s, the road was maintained by the Town and had been since the village was moved. Therefore, we ask that the town re-continue to maintain Sand Hill Road. (by petition)(not recommended by Selectmen)

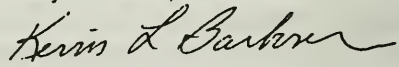

ARTICLE 18: To see if the Town of Hill, NH will vote to transfer to Robert Carter, ownership of town property on which an old well is located. The well was deeded to the Town by Frank Woodward and registered at Merrimack County Registry of Deeds on July 18, 1928, Book 492, Page 597 and 598. The well is located about 400 feet off the Old Town Road on the property line between Carter (lot R06-032-2) and Osmer (lot R06-036-3). The property location is on survey plan #13632 at Merrimack County Registry of Deeds. (by petition) (recommended by Selectmen)

ARTICLE 19: To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town, gifts, legacies and devises made to the Town in trust for any public purpose, as permitted by RSA 31:19.

Given under our hands and seal this day of
in the year of our Lord one thousand nine hundred and ninety eight.

**TAX COLLECTOR / TOWN CLERK REPORT
1997**

This year has been very productive for the office of Town Clerk/Tax Collector. In the Spring of 1997, the office was renovated by adding a window with a counter and added work and storage area. With the renovation we now have added more security in the office. With the added work and storage area, it has also helped to keep things much more organized and run the office more efficiently.

The State of New Hampshire, Bureau of Vital Records, has lent the office a new personal computer. The computer is the most up-to-date system which includes a pentium drive, CD rom drive, Windows 95 and Microsoft Office. This computer has been lent to many towns in the State in preparation of the new Vitals 2000 program that the State will be releasing in the near future. This program for vital records preparation, maintenance and storage will be on-line and connected to the State of New Hampshire for the purpose of sharing vital record information.

We have also loaded a Motor Vehicle software system by Business Management Systems, Inc.(BMSI). This software is being used for registering motor vehicles, preparing titles, issuing dog licenses and recording other miscellaneous fees received. This system has enabled this office to prepare motor vehicle records with much more speed and accuracy. The State of New Hampshire is also working on an on-line system with which we will be hooked right into the State's records using the BMSI Motor Vehicle software.

We have now added motor vehicle plate decals to our list of services available to residents. The office currently can issue decals for renewal registrations only. The cost of each decal is \$2.50, which is added to the cost of the registration. This service has already proved to be much more convenient for the residents as well helping to increase our fee revenue. In the near future, we will be able to issue decals for transfers also.

I would like to thank Dick Morrill for donating to the Town Office, the Pleasant Hill Cemetery records in memory of Clifford Wheeler. Mr. Morrill has spent many hours putting all of the cemetery records into a computer file and coping them to disk. It is with great appreciation, that we accept these records from Mr. Morrill in memory Clifford Wheeler. Thank you!

I would like to express my appreciation to the residents of Hill for your patience with this office during our renovation period, training of the new softwares and procedures adopted in the office, as well as the new training of my Deputy Town Clerk/Tax Collector. I hope that you will soon come to realize the convenience and efficiency that these changes have been the result of.

For the up coming year, I will be also adding Notary Public services to the list of services available to residents.

SELECTMEN'S REPORT

On behalf of the Hill Board of Selectmen, it is with great respect and gratitude that I reorganize the contributions of the many citizens who have served the Town, whether elected, appointed or volunteered in other capacities. The various Departments, Boards and Committees have worked hard and have accomplished many goals for 1997 as indicated by their individual reports.

Enhanced 911 has been adopted and all citizens should have received their new addresses by now. This system creates a standard of roads and numbers that enables emergency personnel from near and far to find a specific residence, as well as confirm with dispatch the telephone number used to place the 911 call. Sign posts and street signs will be installed when the ground thaws.

A number of Town lots have been selectively harvested under direction of a licensed forester. There are expected to be additional lots harvested this year.

The Town hopes to undertake two capital improvement projects in the coming year, including a topcoat of paving for approximately two miles of Class V roads, and the construction of the Cass Mill Bridge. A survey and preliminary engineering study for replacement of the bridge have been completed. A large portion of the increase in the 1998 budget is to fund the construction of the bridge. The New Hampshire Bureau of Municipal Highways will reimburse the Town 80% of the costs.

The ice storm we experienced January 7 - 16, 1998, devastated our trees, pulled the plug on our power supply and sorely tried our Yankee patience. But not even the ice storm of 1998 froze the spirit of our road crew and countless others who cut, dug, moved, plowed and dodged all the flying frozen debris from our roadways. We are hopeful there will be partial reimbursement from FEMA for many costs resulting from the storm.

As we move toward the millennium, volunteerism in America is on the rise, and as our Town history reveals, Hill has always recognized and responded to the changing needs of its community. Hill is your Town. Your involvement assures the needs of the citizens will be met.

Respectfully Submitted,

Gary N. David,
Chairman

WATER COMMISSIONER REPORT:

The year of 1997 was very busy for the Water Commissioners. Water leaks and emergency repairs were at an all time annual high. As a result of the cost of higher than normal repairs and related costs of running the pump and treating the water, the commissioners found it necessary to raise the water rents to \$180 a year per unit. This rate is only about two-thirds of the average yearly water bill rates in New England.

In an attempt to minimize emergency repairs and continue to maintain the quality of the water, improvements and modifications in the system are expected in 1998.

Thank you for your continued support.

LIBRARIAN AND TRUSTEES REPORT

Carole Barbour resigned as Trustee in the fall, due to a change in her teaching position. The Selectmen appointed Jane Chandler in her place. We greatly regret losing Carole, but welcome Jane, a former librarian at the Hill Library, and a devoted supporter of the library.

The great news for 1997 was the acquisition in April of a computer. Thanks to the generosity and fund raising efforts of the Friends of the Library. With the help of Tom Ladd, our liaison with the State Library, Ann Clement has learned to access the State Library for inter-library loans and for other purposes including E-mail. We have also begun to list our holdings with the State Library, and have already begun to receive requests by computer for some of them.

Again, thanks to the Friends of the Library, we were able to take advantage of an offer from the Libri Foundation of Eugene, Oregon. The Friends donated \$350 to the Library, which the Libri Foundation matched two-for-one, thus giving us access to more than a thousand dollars worth of books for children. The Foundation supplied comprehensive, up-to-date and well annotated lists of books, so we are able to make an informal selection, which added 68 books to our collection. The books arrived in January of 1998 and are already proving very popular with the children.

Ann Clement has made special efforts to work closely with the Jennie D. Blake School, and the results have been most gratifying. The kindergarten pays us weekly visits when school is in session. Other teachers have been most cooperative in sending in small groups of students to get help with different projects assigned.

In July we had a weekly reading program, emphasizing crafts which the children could do for themselves. For this we received invaluable aid from some of the mothers in town. We wish to particularly thank Debbie Lamontagne, Connie Denningham and Monica Stevens for their time and expertise in arranging projects for each session.

Again, we are indebted to the Friends for donating books to be dedicated to each child born in Hill. Last spring twelve presentations were made to the children born in 1996.

The Library has received about 1500 new and used books as gifts this past year. Donors include Avril Cornel, the Holshoes, Henry Osmer, the Wordens and C.B. Robie. The Desrochers family gave us a number of books for juniors. Matt Desrochers volunteered his time for several weeks while working towards an Eagle Scout badge. We registered 49 new patrons and have loaned 1661 books and videos in 1997.

REPORT OF THE HILL FIRE DEPARTMENT

The Hill Fire Department responded to 59 calls this year. A breakdown of these calls are as follows:

Fire	9
Mutual Aid	9
Medicals	30
Motor Vehicle Accidents	6
Special Service	4
CO Alarms	1

The activity level for calls this past year is considerably low as compared to previous years. I am not sure if this was just a slow year or if the low number is a result of the run card changes that I requested for mutual aid response by Hill to other towns due to Hill's lack of manpower!

Medical calls continue to be high as compared to other types of calls. I believe we are becoming more proficient in this area and therefore, we will be investing in additional medical equipment this upcoming year.

We are currently looking at a defibulator due to the number of cardiac calls we have received. They are expensive but extremely effective when required.

Repaving the front of the station was completed late last year. This was really needed and has helped improve the appearance of the station. Work is continuing on the interior as time and money become available.

The members of the Department would like to thank the citizens of our community for their continued support. We will continue to do the best we can.

Yours in Fire Safety,
Tom Jacobs, Fire Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The 1997 fire season was a safe period for wildland firefighters with no major injuries reported. The drought conditions experienced during the early summer months was a significant factor resulting in the total number of fires reported during the season.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

Police Department

Hill, New Hampshire

REPORT OF THE HILL POLICE DEPARTMENT

The Hill Police Department has had another very busy year.

We hired Wayne Stevens last year, another young man who wanted to enter the field of Law Enforcement. Wayne did an excellent job for us while he was here. He was working a couple of shifts a week during the day. I heard some good comments about having him around during the day. Wayne then applied for and was hired as a full time officer by the Newmarket Police Department and is presently in the full time academy in Concord. We wish him good luck.

We hired two (2) new part time officers. Glenn Laramie (no not the one from Andover, but his son), who has four years of Military Police experience in the US Army behind him as well as the Explorer Program in Franklin. We also hired Joseph Mahoney, who is a college student who wants to enter Law Enforcement when he finishes college. Joe and Glenn have completed the part time academy.

We continue to be dispatched through the Franklin Police Department. It was expected that they would be moved into their new building by now, but it looks like it will be March or April. We had to keep an extra \$500 in the dispatch budget for the costs during the move. That will not appear next year.

1997 has been a very busy year for the Police Department. We have a serious problem with domestic violence. That was shown most dramatically when the State Police SWAT team had to come to Hill for a husband who had assaulted his wife and threatened to kill his two children if the police came. Although he was heavily armed, he was talked into coming out of the residence and the situation was handled with no injury.

We have been very fortunate again this year with only one burglary during 1997. I credit that to having an officer on, when we could, during the day patrolling the back roads, doing property checks on vacant homes, etc.

Again, I would like to thank the members of Troop D of the New Hampshire State Police, Trooper Mike Nolan and Mike Ranhoff, who worked with us on several investigations during the year. Trooper Nolan has been transferred so we will not see Mike as much as we used to. Good luck with his new assignment.

We did approximately 380 property checks during the year of 1997.

The Department turned over \$731 to the Town for pistol permits, court fines and police reports.

The Hill Police Department The Police Department investigated the following cases:

Assault (simple)	2
Bail Jumping	2
Bench Warrants	2
Burglary	1
Criminal Mischief	4
Domestic Violence	14
Fraud	2
Harassment	2
Motor Vehicle Accidents	
Personal Injury	1
Property Damage	11
Manufacture of Controlled Drug	1
Theft of Unauthorized taking	3
Sexual assault of a child	2

The following cases were prosecuted:

Assault	5
Bail Jumping	2
Criminal Mischief	1
Violation of Dom Violence order	1
Driving While Intoxicated	1
Failure to License Dogs	1
Operating After Suspension	4
Operating Unregistered MV	1
Possession of Controlled Drug	5
Speed	34
Warnings for Speed	102
Stop Sign	2
Theft of Unauthorized taking	1

Again, I would like to thank the Selectmen and the citizens of Hill for the cooperation that the Department has received during 1997 and hope that it continues.

Sincerely,

Robert C. Dupuis, Jr.
Chief of Police

HIGHWAY DEPARTMENT REPORT

The highway department spent much of its reconstruction monies working on gravel roads this year. Crushed top coarse gravel was put on the wear surface of most gravel roads where it was needed.

A section of Snow Road was widened and new gravel put on also. The Lynch Road project was started this year to improve the tar section at the beginning of the road. Ditching, digging out large rock and tree cutting is about done. Crack sealant was put on the worse cracks along Bunker Hill Road and Currier Road. All Town Class V roads were brush mowed in early October.

Finally, on November 6, we received our new 1998 Model dump truck with the front mount wing set up. This will cut the time of pushing back snow with the old road grader and saving it for summer use.

As I start my tenth year of service for the Town of Hill, I wish to thank the folks for their support over the past nine years and hope for your continued support in the future.

Sincerely,

Dean C. Wheeler
Road Agent

REPORT OF PARKS & RECREATION COMMITTEE

The Parks and Recreation Committee expended its' 1997 budget for improvements to the Ball Park. New drainage pipes were installed around the baseball diamond, which drains into a catch basin. The catch basin was also put in this year. It is at least an initial step in addressing the water and drainage problem we have at the park.

In addition, we now have a shed at the park, which stores the ball and recreation equipment all in one place. The shed, which was originally located near the Pump House on Murray Hill Road, as a result of an Eagle Scout Project proposed by Donald Steadman. A hearty thank you to Donald and the entire Scout Troop for a job well done and for their contribution to the community.

New members are needed for this committee and suggestions for new projects are also welcomed.

Respectfully submitted,

Susan Bogannan
Parks & Rec. Committee Member

PLANNING BOARD REPORT

The Planning Board had a very active and hectic year in 1997. A high turnover rate hampered its smooth operation. The chairman position was filled by three individuals due to resignations and two new members were appointed to the board. In spite of its inexperience, the board successfully completed a large work load for the year, thanks to the efforts of the members.

Three subdivisions were reviewed and approved adding 13 new lots to the Town and conceptual plans were discussed for two others.

Three public hearings were held, two for subdivisions and one for work on a scenic road. Three special meetings were held in addition to the regular meetings.

Some progress was made by the board on updating the master plan. Inconsistencies are often encountered between the subdivision and zoning regulations as well as the street standards. To alleviate this problem, the board is currently working on an update of the subdivision regulations.

Goals for the upcoming year are completion of the regulation revision and master plan update. The board needs to fill several vacancies and retain its experienced members to continue to provide quality planning for the Town of Hill.

Respectfully submitted,

Michael A. Stanley, Chairperson
Planning Board

REPORT OF THE TOWN CEMETERY COMMITTEE

In compliance with the vote at the Town Meeting last March, the Cemeteries Committee assumed responsibility for the portion of the Bunker Hill Cemetery previously cared for by the Bunker Hill Cemetery Association. Fran Wheeler, the former president, turned over the cemetery records and maps to the Committee and the funds to the Trustee of Trust Funds. With the help of Fran and Cliff Wheeler, the Committee made plans to improve the appearance of the cemetery by removing some dead tree limbs and to upright and repair fallen stones. Some of this has begun. The grass has been mown twice.

The cemetery behind the Hill Center Church presented its usual problems of uneven terrain and coarse grass. Brush was cleared again from the edges of the Ferrin Cemetery. The logs and branches remaining from the cutting a year ago in the Murray Hill Cemetery were removed. The grass at all three of these cemeteries were mown twice.

The three small cemeteries, Sawyer, Sargent and Thompson-Hilliard had fallen branches cleaned up and were mown once.

The Committee is grateful to Robert Murray and Richard Morrill for their help and advice.

Respectfully submitted,

PLODZIK & SANDERSON*Professional Association/Accountants & Auditors*193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX-224-1380*INDEPENDENT AUDITOR'S COMMUNICATION OF
REPORTABLE CONDITIONS AND OTHER MATTERS*

To the Members of the
Board of Selectmen
Town of Hill
Hill, New Hampshire

In planning and performing our audit of the Town of Hill for the year ended December 31, 1996, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

We are pleased to report that, during the course of our review of internal controls, no material weaknesses in the Town's accounting systems and records were identified in 1996. Other weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or recordkeeping practices. In these instances, we made specific recommendations or provided instruction to those individuals involved during the course of our audit fieldwork.

A great deal of improvement was noted in the condition of the tax records at December 31, 1996. This was the direct result of the new Tax Collector complying with the RSA's related to the Tax Collector's duties.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

PEMIGEWASSET RIVER LOCAL ADVISORY COMMITTEE

The Pemigewasset River Local Advisory (PRLAC) is comprised of volunteers nominated by the Selectmen in several towns along the Pemigewasset River. The towns include: Thornton, Campton, Plymouth, Ashland, Bridgewater, Holderness, Bristol, New Hampton, Sanbornton, Hill and Franklin. The Committee's main task is to develop a River Corridor Management Plan. This plan will contain goals and objectives, based on land use patterns and the general public's recommendations, for the Pemigewasset River Corridor. This plan will also contain recommendations for the Local Legislative bodies to consider and adopt on river front issues.

The committee meets the last Tuesday of each month at the Gordon-Nash Library in New Hampton. The meetings are open to the public. This year the Committee spent time obtaining information on river issues and existing land use. Guest speakers and committee members provided information on the river corridor located in each town.

The following year's work schedule is broken down into the following sections:

- Committee to compile and review existing regulations and ordinances to determine what exists for river protection.
- Committee to compile information and review existing land use to determine current land practices and potential.
- Committee to conduct a survey to determine public interest on river issues and uses.
- Committee to compile information and develop a resource inventory to determine problem areas, concerns, conditions and priorities.
- Committee to compile information on existing protection, existing land use, existing concerns and public input and develop goals and objectives.
- Committee to draft a River Corridor Management Plan with options and strategies to meet the goals and objectives.

The Committee will also continue to seek public input, obtain resources and educate themselves relative to the River. Active representatives from the Town of Hill are Seymour Goldberg and John Lynch.

Visiting Nurse Association of Franklin

In 1997 the federal government put in place a new law that radically changes how Medicare pays for home health services. Unfortunately this law will have dire effects for the Visiting Nurse Association of Franklin (and VNA's across the country). This will have an impact on our ability to provide care to patients with long term needs! Under the new system the Visiting Nurse Association of Franklin, which is one of the lowest cost providers in the country, is being severely penalized. The new payment formula uses the VNA of Franklin's payment rate from 1993. It also treats all patients alike, with no increase in reimbursement for patients with complex needs.

Despite this payment change, our goal remains the same as it has always been - to provide the support and teaching as well as clinical care that enables our patients to comfortably manage at home while gaining the ability to become independent. While we will do all we can within our mission and our means to ensure our ability to care for patients, we know this new payment system will not pay us enough to cover the cost of care the government has promised to provide to the elders. This inadequate funding will undoubtedly force us to change the level of care we provide. With Medicare creating per patient caps and no longer providing adequate reimbursement to cover long term needs, we will be forced to limit care unless we can attract additional funds from other sources.

The \$1,419.00 that we request from Hill obviously will not cover the cost of long term care. It serves as a safety net for the uninsured and short term care.

We need your help to avoid putting the people of Hill at risk. We've encouraged the public to contact our U.S. Senators and Representatives to let them know our concerns about these cuts in home health services and to urge them to provide adequate reimbursement for home health care to minimize this CRISIS.

UNH Cooperative Extension provides Merrimack County residents with research-based education and information, enhancing their ability to make informed decisions that strengthen youth, families, and communities, sustain natural resources, forests, wildlife and agriculture, and improve the economy.

As your local link to the University of New Hampshire, Cooperative Extension provides practical education to people of all ages.

Because of our partnership with Merrimack County, the State of New Hampshire and the Federal Government, we go by the special name of UNH Cooperative Extension. In every Merrimack County community, this partnership is at work, increasing economic development, enhancing the environment and developing human potential.

Extension educators provide informal educational programs in the areas of Natural Resources and Family, Community and Youth, advised and assisted by a local advisory council.

Merrimack County residents also benefit from statewide Extension programming. Among these many local and state efforts are monitoring water quality in our lakes and rivers, reducing the use of pesticides, parenting programs, 4-H and youth development programs, land use management, food safety, forest stewardship, family finances, meeting the needs of low income families, strengthening our communities, developing a strong volunteer base and providing research-based information to citizens.

A major statewide Extension initiative, Strengthening New Hampshire Communities, has impacted Merrimack County. County staff have worked with many of the communities in a variety of ways. The Community Profile was held in two communities in the past year. This community event works through a process to help community members create a vision about what they want their community to be like and then works through a process that helps form action groups to reach their goals. Follow up support is available from UNH Cooperative Extension staff.

Other community efforts include after school programs, teen assessment projects, land use management planning, wellness teams, town office visits, Master Gardeners, working with schools on maintenance of landscaped areas, and providing updated Extension publication notebooks to all town libraries.

The staff in Merrimack County includes nine Extension educators, two state specialists and three support staff. Educators reach approximately 1.5 out of every four families in the county.

Visit our **new** office, located next to the Merrimack County Nursing Home at 315 Daniel Webster Highway, Boscawen. We're open Monday-Friday, 8 AM until 4:00 PM. Or call us at 225-5505 and 796-2151 or find us on the Web at [HTTP://CEINFO.UNH.EDU](http://CEINFO.UNH.EDU).

Annual Report
of the Hill School Board
and the Superintendent of Schools
1997-98

The 1997-98 school year was certainly a different year from any other. Basically, we had an interim superintendent in SAU 18 that serves the Hill School District. This gave all the members a prolonged period of time to select a permanent superintendent for the SAU. As we go to press, this selection process is ongoing. In addition to the interim superintendent, we were very fortunate to select a new teaching principal for the Jennie Blake School, Jo Ellen Divoll. Jo Ellen comes to us from the Newfound schools and brings with her a very complete background in special education. All full time staff members returned, which means programs begun the previous year were continued. New additions did take place with the employment of some part time staff: Mrs. Fran Sanderson as the 1/2 time kindergarten and part time art teacher and Mr. Tom Bucklin as part time physical education teacher.

The School Board retained its leadership, being chaired by Kevin Barbour and ably assisted by Gerard Desrochers and David Kelly. The gentlemen have maintained a very positive outlook on the educational programs for the young people of Hill. Many questions have been presented to the Board, but mainly a question of the relationship with the Franklin public schools. This concern centers around the AREA Agreement which gives Hill students the opportunity to attend Franklin schools for grades 7-12. Due to the fact that Franklin schools have been placed on probation by the New England Association of Schools and Colleges, a private accrediting institution, parents have questions about the continuation of a good educational program for their children. The School Board voted unanimously to take the issue of students being given the opportunity to seek other educational avenues before the New Hampshire State Board of Education. The decision handed down in January 1998 was that the AREA Agreement was to be enforced until the question would be decided at the Annual School District Meeting.

The School Board has proceeded with possible solutions to the question by examining alternatives. One of those alternatives would be to withdraw from the Agreement with Franklin. This must be done by a vote of the people of Hill. If that question is accepted, the School Board has presented a plan to study the feasibility of having a high school plus grades 7 & 8 in Hill. This study is to begin as soon as a decision is made.

The cafeteria program has continued the excellent service to the young students and faculty. Thanksgiving and Christmas meals were very well attended by many parents and their children. It is truly amazing how well Brenda Cummings and Patricia Rosen get so much for the students out of the finances available.

The assistance of many people enhance the program for our young students. Mr. & Mrs. Poole for their donation of a computer for the school, Tom Pabst, Brad Jameson and David Kelly for their time in leading the school basketball team. The music program at Christmas was truly a school-wide performance and for the first time was held on a Sunday afternoon. It was well attended and appreciated by all.

The assessment program of the State of New Hampshire was reported on at the December meeting by Principal Divoll with comments made about areas of strengths and weaknesses. All of the areas in the third and sixth grade tests were to be analyzed by the staff and plans to improve the scores would be undertaken.

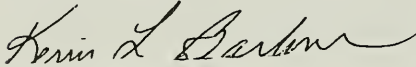

There is an ongoing program of salmon restoration in Mr. Watson's class. This is a project for all the schools in the SAU and we are watching the salmon eggs grow into little fish and plan to release them into the Merrimack River in the Spring. This project is also supported by the Fish & Wildlife Management group as well as local merchants.

The Hill School Board appreciates the support of the community in their efforts to plan and develop the programs for the children of Hill. This is a cooperative effort of all the community and as such everyone should be proud of the achievements of students and community.

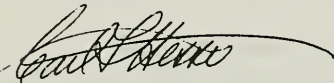

As the Interim Superintendent, I found the community most welcoming. The interest in the educational program, both at Hill and Franklin, leads one to believe that the children will continue to grow and benefit from your efforts. It was a pleasure to have worked with you, the School Board, the staff and young people of your community. May you have continued success in the years ahead.

The School Board invites all members of the community to attend and participate in the monthly School Board meetings. The School Board meets every second Wednesday of the month in the Jennie D. Blake School.

REPORT OF THE PRINCIPAL

The 1997-98 school year began with an enrollment of 104 students including Kindergarten students. Although some children have moved out of the District, others have moved in and the number of students as of February 1st is 106. The staff of the school are as follows:

Jo Ellen Divoll	Special Education/Principal
Frances Sanderson	Kindergarten/Art
Georgette Huckins	Grades 1 & 2
Steve Watson	Grades 2 & 3
Karla Seneca	Grades 4 & 5
Maureen DeRoy	Grades 5 & 6
Thomas Bucklin	Physical Education
Virginia Garlow	Music
Wendy Hannagan	Title I
Pearl Bean	School Nurse
Brenda Cummings	Food Service Director
Tricia Rosen	Food Service
Barbara Weese	Secretary
Merryl Goldman	Special Education Assistant
Pam Desrochers	Teacher Assistant
Elaine deMello	Guidance Counselor
Vincent Fortin	Custodian

We welcome our new staff: Mr. Bucklin teaches physical education four days a week and Mrs. Sanderson teaches Kindergarten in the morning and Art two days a week in the afternoon. In addition, I am enjoying my first year as Special Education Teacher and Principal.

We are emphasizing writing this year. Staff have created a checklist for each student to learn how to check their own writing. Writing skills will help students to have clear communication and will improve reading skills also.

Thank you to everyone who has supported the school in many ways. The people in town have made our fund raising a success, helped with computer glitches, acted as assistant coaches, and chaperoned students on various trips. The Hill Public Library has brought several programs to the school and has enhanced the variety of reading materials available to our students. It is a pleasure to work in a community that cares so deeply about its children.

Respectfully submitted,

Jo Ellen Divoll

PLODZIK & SANDERSON*Professional Association/Accountants & Auditors*193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX-224-1380*INDEPENDENT AUDITOR'S REPORT*

To the Members of the School Board
Hill School District
Hill, New Hampshire

We have audited the accompanying general purpose financial statements of the Hill School District as of and for the year ended June 30, 1997 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Hill School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Hill School District, as of June 30, 1997, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of Hill School District taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Hill School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.
